Activity: Experience Inventory

JORDAN'S EXPERIENCE INVENTORY

Raw list: Cookout cashier and crew (summer 2024 to present), babysitting for two neighbor families since 2022, church youth group concessions at monthly events, tutored my younger cousin in algebra for a school year, tech support for my mom and grandmother (phones, email, online forms). Skills: Spanish fluent, Excel basics, Google Workspace, food handler certification, cash handling.

Three bullets:

Trained two new crew members during summer hiring and wrote a closing checklist the night staff still uses.

Managed the register alone during weekend rushes, handling cash and card transactions for more than 100 customers per shift with no drawer shortages.

Coordinated concessions for monthly church youth events, tracking inventory and reconciling cash for groups of up to 80 people.

Assessment Model Response

LinkedIn Profile and Career Self-Assessment

JORDAN'S CAREER SELF-ASSESSMENT

The part I am least sure about is my About section on LinkedIn. I got the four required sections done and set the profile to public, and I am happy with my Experience entries now that I rewrote the Cookout bullets to drop the word "helped," but the About section still feels stiff, like I am describing someone else. I wrote that I am a first-year business student interested in finance and nonprofit work, which is true, but it reads like a form. My next step is to bring it to the UNCG Career Services Center in the Elliott University Center, Room 379, during the second week of classes and ask someone there to help me make it sound like a real person wrote it.
