

Your Portfolio at a Glance

Everything that goes in, in order

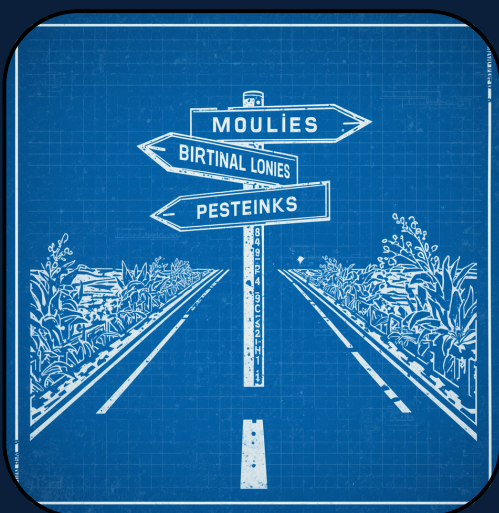

Step 1: Intro Page

Who you are, your growth story
with two examples, one thing
you wish you had known sooner.

Step 3: Strongest Section

Pick the one you are proudest
of and defend it.

The three pillars

Pick your best. Show your growth. Show what you improved.

Step 2: Seven Module Sections

Each one needs four parts: Key Takeaway, Completed Artifact (LinkedIn link for Module 6), Revision Note, and one specific Action.

Step 4: Recording

Three to five minutes, talking to a future student.
